Important Message about Animals

If you are bringing animals to Calf Club & pet day, it is your full responsibility to ensure they are actively supervised and cared for throughout the day.

Ōropi School is not responsible for watching or caring for animals during the Calf Club and Pet Day. It is important that you have visibility of your animals or have your animals in a safe place throughout the day. Animals are to be in a visible location at all times facing towards the main field and not behind vehicles. It is often warm on the day, so we recommend that you provide adequate water and shade for your animals. **Please, do not approach any animals without the permission of the owner.**
