IMPORTANT

Wood Road Bus Stop Procedure

Oropi School has established the following procedures for all Wood Road Bus Stop users as a response to feedback about the use of this stop.

Procedure:

1. **Upon arrival:** All cars are to park parallel on the grass kerbside. The first car is to start no closer to the bus stop than the car in the attached image. This 'free space' is for the **BUS ONLY**.
2. **Supervision of children:** Children are to line up along the grass line located out the front of the bus stop OR wait in their guardian's car until the bus has arrived and stopped.
3. **Departure:** Cars are free to leave once the bus has moved completely away from the bus stop.

NOTE:

It is parent/guardian responsibility to supervise their children for the entirety of both pick up and drop off times.

We rely on the help of our parents and community in order for these procedures to be followed correctly.

By ensuring we all follow this procedure we will maximise our children's safety. Please don't hesitate to contact Adam Turner, Deputy Principal if this procedure is not being followed.

Regards,

Adam Turner
